

9th September 2019

Dear Parent/Carer

GCSE Food Technology – Revision Guides

All Year 9 students studying GCSE Food Technology are required to purchase a Revision Guide which will be issued to them along with a work booklet. These are available now at a cost of £6 and must be purchased by Friday October 25th at the latest.

As such please can you pay £6.00 on the school gateway app onto the payment which says Food Technology Revision Guide. Collecting the money on the school gateway will save your child queuing at student reception but if you're not on the app we can collect the £6.00 if your child comes to student reception before school, break or lunch times.

Thank you in advance.

Yours faithfully

T Moon
